NATCHAUG GRANGE Hears Interesting Address by State Forest Fire Warden.

Natchaug grange beld its/regular meeting last Friday evening. The lecturer's programme opened with a paper on how to Use the Waste Products of the Farm, by Mrs. L. A. Demming, and a violin solo, by Fannie Russ.

The lecturer then introduced state nery houses are in town, taking Easter forest fire warden Austin Hawes, who spoke on forestry. Connecticut is the most favorable state in the United spoke on forestry. Connecticut is the most favorable state in the United States for forestry on account of near markets for immeer. This state used 23 billion feet of lumber the past year and has raised only about 7 billion feet, showing that there is three times as much used as is grown each year. The average is about one-half cord of wood to the acre in Connecticut at the present time. With forestry methods it could be easily doubled. Forestry will increase yearly if the people are given protection from fire to their forests. At the present time there are forest fire wardens in all but two or three towns in the state. The past year there were 500 fires, burning over nearly 18,000 acres. The cost of putting out the fires was \$37.

The railroads in the state were responsible for one-half of the fires in

ponsible for one-half of the fires in he past year.
At present the state has three for At present the state has three forests, one in Union of 300 acres, one in
Portland of 1,800 acres and one in
Simsbury of 125 acres. The trees best
adapted for forest planting are the
chestnut white, scotch and red pines,
white ash and oak. The white pine
is the most profitable on account of its
fast growth. In the past year there
were nearly 50,000 trees planted.
The state has a nursery, by this of the state had a most disagreeable

were nearly 50,000 trees planted.

The state has a nursery; by this means the trees can be secured much cheaper than from the nurserymen. The trees can be bought from the state nursery for about \$i\$ a thousand, this being very reasonable.

The first planting of trees there should be about 1,500 to the acre, or otherwise 5 feet apart each way. On good land four men can set out on the average four thousand trees a day. Forestry is carried on very profitably in Germany and France, and there is no reason why it cannot be in Connec-

The fire department was called out several times on Thursday to snow the names in the ruins of the Shannon building. Two lines of hose are left attached to the hydrant at the corner of J. A. Moran and whenever the flames break forth the streams are turned on and the fire checked Shannon flames break forth the streams are turned on and the fire checked. Since the fire the ruins have smoked, there being a particularly stubborn blaze near the Chelsea bank wall under where the etairway in the Shannon building was and another along the wall between the Shannon and Plaut-

building was and another along the wall between the Shannon and Plaut-Cadden property, while at the rear near the track there is another bed of fire. As long as it will burn up without danger no one objects to the removal of the debris in that way. The firemen are able to go into the ruins and it is believed the removal of the safes will be started today.

The safe in the office of B. P. Learned & Co. was opened on Thursday and the contents found to be intact. Experts are here from out of town to open other safes today.

The securities and money from the Chelsea Savings bank was transferred on Thursday from the Chelsea bank to the Norwich Savings society. It was carried in a trunk being guarded by two of the bank officials and two policemen. The transfer was made without incident.

Did All That Was Possible.

Did All That Was Possible, On Thursday Chief Stanton received on Thursday Chief Stanton received a check for \$100 from James B. Shannon for the work of the department. Chief Stanton had a talk with Mr. Shannon during the day and during it stated that he thought Mr. Shannon had been so great a loser that the gift with the chief the many than the state of the many than the state of the state ought not to be made. Mr. Shannon told the chief that he had not accom-panied the check with a letter, but he knew that the department had done all possible and he felt that their work was worthy of remembrance. He would not listen to taking it back and Chief Stanton deposited it with the one of like amount from the Parker-Daven-port Co. to the credit of the firemen's Thursday afternoon a number of small boys penetrated into the ruins where the news and clear store of F. C. Lewis had been, and discovered a quantity of cigars, which they seized upon as souvenirs. The cigars were still damp, but had not been touched by the fire.

Braced Chelsea Building. Nothing has as yet been determined relative to the Chelsea bank building, but it is probable that it will be entirely rebuilt. The nigh wind of the past two days has caused considerable alarm because of the condition of the front wall and on Thursday three large tolers were brand assignst the front as joists were braced against the front as a support. Much injury would result to the material if the front should fall, while it may be possible to remove it without injury after the insurance has been adjusted.

Adjusters Were Busy. Adjusters Were Busy.

There were many insurance adjusters in town on Thursday for the purpose of fixing up the losses, but it will be some time before this work can be completed. The Reid & Hughes Co. is awaiting the saining of the vaults which must be thoroughly cold before it is attempted. The Reid & Hughes Co. has established an office in the pharmacy of H. B. Smith and their store will be opened after the adjustment of the insurance as soon as possible. The adjustment will be affected considerably by the way the books and papers of the company are found in the vault, in which is the inventory.

Kane. Sergeant Twomey. Policeman John Kane. Sergeant Twomey. Policeman Myron Morgan, Fireman David Fitzgerald and Henry Lewis. They secured a ladder and brought him down from his window, while the flames in the hall were heating upon the door of his room and threatening every moment to come through upon him. When ment to come through upon him. When Mr. Loweth was first awakened, he says he stepped out into the hall to the vault, he which is the inventory, the vault, in which is the inventory, says he stepped out into the hall to James Mascot, who conducted the Boston Canay kitchen, had his insurance adjusted through the agency of James E. Fuller on Thursday for the full amount.

The postal inspector from Boston has been here to determine the loss in connection with the sub-station in the Boston store, but as the vault could not be opened be could do nothing but his overcoat and another coat, which he put on, and he also got his overcoat and another coat, which he put on, and he also got his overcoat and another coat, which he put on, and he also got his overcoat and another coat, which he put on the radiator when he

#### TRY THE MONEY-BACK CURE FOR INDIGESTION

Nine times in ten stomach derangements are responsible for sallow complexion, duil eyes and thin body.

It is the stomach that supplies nourishing blood to the muscles, the nerves and skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need Mi-o-na, and the sooner you get it the quicker you will be healthler and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. The Loe & Osgood Co. sells it for 50 cents a large box, and they think enough of it to guarantee it to cure indigestion. Employes of the water department on Thursday tested a number of hy-drants in the central part of the city

Clearing Up Ruins.

The work of clearing up the ruins was started on Thursday morning by A. D. Lathrop, who had a number of men and several carts at work on the job and most of the steel piers and the girders were taken away, the side-walk being cleared of much of the material. Some of the iron work was found to be twisted and warped, but the piers did not appear to be badly damaged. The girders will be laid out for inspection an dif suitable for use in the new building will be reciaimed. The iron was taken away by Max Gordon & Son.

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by THE LEE & OSGOOD CO. was practically full of water, it is believed that they are all uninjured, although Major Steiner stated that he had fears for his safe Norwich has had visitors from all over the state to view the ruins.

#### Incidents in Society

The highest score was made by Mrs. William Adams, who received as first prize a round brass tray. Mrs. Nelson D. Robinson, Mrs. Wilbur S. Alling and Mrs. Howard Mead were tied for second place and received respectively a decorated china plate, an embroider-de handkerchief and a copy of Maud Warren's book, "Peter. Peter." Mrs. Nelson Porter received a picture as third prize and Mrs. William Fitch a suit case tag as compensation for having the lowest score.

#### A Relic of the War.

Joseph Wilson, the painter, who served in the department of the gulf in the Fourth Louisiana cavalry, was surprised by the evacuation of a bullet one day inst week. In 1883, while in conflict with the confederates, he was shot in the back, about four inches from the spinal column, by a pistol shot from the enemy. He has carried the bullet around in his body for 48 years, and now he is carrying it in his pocket.

Lincoln Day Display.

Lincoln Day Display.

In one of the windows of the Porteous & Mitchell company Daniel J. Hinchey, the window dresser, has arranged a sultable display for Lincoln day. Fratured in it is an autograph Lincoln letter, kindly loaned by Henry Hovey. Addressed to the adjutant general and written upon the White House stationery, it asks why Vaughn's Springfield Light artillery have not received their pay and inquires if there is anything the president can do.

System is one of the greatest moters of prosperity: in fact, it is hard to succeed without it. Having an ac-count with The Thames Loan & Trust Company and making regular weekly or monthly deposits, establishes the strongest kind of financial protection, and will lead to independence.
